

GETTING BETTER WITH EVIDENCE: Experiences of putting evidence into practice

10 December 2019

Auckland Medical Research Foundation Auditorium,
Grafton Campus, University of Auckland

A unique opportunity to hear from experts in evidence-based medicine

Hear from international and New Zealand expert clinicians, policy makers, scientists, researchers and consumer advocates about putting evidence into practice to increase equity in health care and address over-diagnosis and over-treatment.

Be part of the discussion addressing the challenges currently being faced in health care.

With a focus on the needs of a New Zealand audience, this one-day conference will explore:

- gathering and disseminating better evidence
- translating evidence into action, including increasing equity and reducing over-diagnosis and over-treatment
- building solutions, the roles of big data, randomised control trials and real-world experience.

This is your unique opportunity to attend the internationally acclaimed **EBMLive** in New Zealand for the first time.

Keynote speakers include:

Dr Fiona Godlee

The *BMJ* editor-in-chief

Prof Papaarangi Reid

Head of Department of Māori Health, Faculty of Medical and Health Sciences, University of Auckland

Catherine Marshall

Co-Chair Cochrane Governing Board and New Zealand consumer advocate

Dr Carl Heneghan

Director of the Centre for Evidence-Based Medicine (UK) and practising GP

Prof Matthew Parsons

Clinical Chair in Gerontology, Te Huataki Waiora Faculty of Health, University of Waikato

Dr Ray Moynihan

Award winning Australian journalist, researcher and author
